

Humboldt Research Award

Description

The award is granted in recognition of a researcher's entire achievements to date to academics whose fundamental discoveries, new theories, or insights have had a significant impact on their own discipline and who are expected to continue producing cutting-edge achievements in future are eligible to be nominated for a Humboldt Research Award.

Eligible to be nominated are eminent foreign researchers at the peak of their academic careers and in leading positions, such as full professors or directors of institutes

Award winners are invited to spend a period of up to one year cooperating on a long-term research project with specialist colleagues at a research institution in Germany. The stay may be divided up into blocks.

The Humboldt Foundation grants up to 100 Humboldt Research Awards annually.

Nominations may be submitted by established academics in Germany. Direct applications are not accepted. The award is valued at 60,000 EUR.
